Are you a prior Customer: YES _____ NO____ If YES, previous address: _____

Do you OWN or RENT this property: _____ If RENTING, list landlord: _____

The applicant agrees that the following shall be conditions precedent to the furnishing of natural gas service by said City and/or New Commonwealth Natural Gas (NCNG). Applicant further agrees to abide by all ordinances and regulations now in effect or as may be amended from time to time.

1. 1. The applicant agrees to make an initial $200 meter deposit as required by the City/NCNG and that said deposit may be applied toward the payment of any final bill or shall be refunded after one full year of monthly gas bill payments paid before penalty dates.
2. The City/NCNG shall install and maintain at its own expense the necessary meters and regulators for the furnishing of natural gas. All meters, regulators and equipment furnished by the City/NCNG shall at all times be considered as the property of said City/NCNG, including all service lines.
3. The applicant is responsible for any piping beyond the provided gas meter which is owned and maintained by City/NCNG. The meter must be readily accessible by NCNG at all times for the purpose of monthly meter readings and in case of a natural gas emergency. This includes accessibility of any locked or blocked fence gates, aggressive animals, and anything obstructing a clear path and view of the meter. We advise that aggressive animals be contained during monthly meter reading dates and during any meter or gas line maintenance or servicing for the protection of our service technicians. Animals should never be chained to gas meter.
4. The City/NCNG shall have the right to enter upon the premises at reasonable times for the purpose of servicing its equipment, reading meters, disconnecting service, removing gas service pipe and meters for any other reason necessary and incidental to the conduct of its business as a gas distributor.
5. This application is subject to inspection of piping and natural gas appliances, and acceptance of the same by said City/NCNG and may reject service if appliances and/or house piping is deemed unacceptable.
